

GEOCAN ENERGY INC. ANNOUNCES ADDITIONS TO TECHNICAL TEAM

March 2, 2005

For Immediate Release

GEOCAN Energy Inc. ("GEOCAN" or the "Company") is pleased to announce the recent appointments of Mr. Joe Ebeling as Senior Area Geologist and Mr. Trevor Duncan as Area Geologist.

Mr. Ebeling brings with him 24 years of broad-based experience throughout Western Canada and internationally with various energy companies. In his most recent assignment with Calpine Natural Gas Trust he was engaged in their merger & acquisition and production efforts. Joe's responsibilities with GEOCAN will be to develop new drilling and production opportunities in the west central Alberta area, which will be generated both internally and through acquisition.

Mr. Duncan brings with him five years of experience having graduated in 1999 with a Bachelor of Science from the University of Calgary. He started his career with Gulf Canada Resources/ConocoPhillips Canada in 2000 working on the Keg River carbonate play in Northern Alberta. He continued on with Addison Energy Inc. as a Development Geologist working in the Sundre/Caroline area exploiting the Cretaceous sands. Trevor's responsibilities will be to work the existing Lloydminster heavy oil area.

"As GEOCAN continues to grow and develop our 71,000 net acre undeveloped land base, Joe and Trevor are important additions to the technical team," commented GEOCAN's president, Wayne Wadley.

GEOCAN is a Canadian oil and gas exploration and production company and trades on the Toronto Stock Exchange (TSX) under the symbol "GCA" and currently has 23,948,473 common shares issued and outstanding.
